DRAFT GENERAL ORDER  
LOUISIANA PUBLIC SERVICE COMMISSION,  
EX PARTE**

*In re: Exemption of non-profit water systems from Commission regulations*  
(Decided at Business and Executive Session held July 29, 2016)

## OVERVIEW

On April 18, 1969, the Louisiana Public Service Commission (“LPSC” “Commission”) issued a minute entry which resulted in “Exempting of Farmers’ Home Administration sponsored water systems from Commission regulations”. Specifically exempted were those systems wholly owned by the water system members and operated by an elected board of the members, and that primarily received, or were eligible to receive, funding from the United States Department of Agriculture (“USDA”). These systems are now referred to in Commission regulations as “Water Cooperatives” or “Non-Profits”. Consistent with the 1969 exemption, the USDA assumed regulatory authority over these Water Cooperatives given the interrelated nature between the government loans that provided financing to these systems, and the impact those loans had on the ultimate rates. Currently the USDA, through the Rural Development program continues to provide lending; however, it refrained from establishing rates for these systems effective December 31, 2010.

In response to the USDA’s proposed course of action, the Commission, at the November 10, 2010 B&E rescinded the 1969 minute entry, as well as Commission General Orders dated July 9, 2004 and May 31, 2005.<sup>1</sup> Since the rescission, the Commission has reassumed rate jurisdiction over these systems. More recently, the Commission has exercised rate regulation through a streamlined process established in Commission General Order dated September 12, 2014.

### **Act \_\_\_\_ of the 2016 Regular Session**

House Bill 729, proposed by Representative Jack Mountcet, proposed to re-delegate USDA rate-making authority over all those non-profit systems that are active borrowers from the USDA. Additionally, the proposed bill provided alternative government oversight for those water cooperatives that are not active borrowers from USDA, namely from the Louisiana Department of Health and Hospitals and the Louisiana Legislative Auditor. House Bill 729 was passed by the legislature and adopted by Act \_\_\_\_ of the 2016 Regular Session of the Louisiana Legislature. In simple terms, the Act provides for a regulatory scheme similar to the regulation that existed from 1969-2010.

Consistent with the above, Commission Staff recommended the Commission vote to reestablish the exemption for the Water Cooperatives, from the Commission’s Regulations, consistent with the requirements Act \_\_\_\_.

## CONCLUSION

The Commission considered the matter at the \_\_\_\_\_, 2016, Business and Executive Session.

---

<sup>1</sup> Those Orders expanded the minute entry to include wastewater systems funded by USDA through Rural Development.
